

## Pedestal Adaptor

We have created a special adapter for the pedestal/gooseneck market. If you love the aesthetics of our Architectural and Imperial range, you can now mount them on a pedestal using our adaptive plate.

Very easy to install. Simply attach unit to the front plate, then marry up the front plate to the back plate which is mounted to the gooseneck and secure using 4 nuts.

**Imperial Panels Mounting Plates**

**Architectural Mounting Plates**
