

How To Back Up Data

(Classic & Classic PRO Models only)

MultiCOM *Classic*

1

Use provided USB drive to copy MULTICOM CLASSIC software folder to PC (suggest copy to desktop for easy retrieval later).

2

Connect provided USB cable to windows PC (windows 10 or later)

3

USB B type cable (included) (USB printer type cable)

Insert the USB cable provided into the port shown. This can be done while the unit is powered on.

TIP: The intercom will need to be powered on, and have a working SIM card and be connected to the cellular network before PC programming can begin.

4

Open Multicom Classic folder

Copy the SHORTCUT icon to desktop for convenience

Double click and open software
